

# Entrapment Sting targets lonely men

White female with children seeks the right man who understands my needs and those of my family, society does not. Please be discreet.

## Arrests them for Talk/Thought crimes.

In a Sting designed by the US Postal Inspection Service, a “Confidential Informant” places an ad to attract desperately lonely men. That agent then writes letters to all those who answered the ad; he pretends to be a woman interested in an “Open and Honest Relationship”. Eventually the identity of the ad writer is transferred to a local undercover policewoman. As each of the men are convinced that they have at long last found their “Soul Mate”, someone to hold onto at all costs, she starts going weird to see how far they will go along with her ideas. Each man that goes far enough along on the phone is arrested for Talk/Thought crimes. Much of the undercover policewoman's talk is edited out of the tape evidence to make her into only a “passive listener”. In the case involving the San Jose Police with Officer Brenda Herbert, the impossible scenarios / fantasies suggested by Mr. Webster were still enough to convict him of Talk/Thought crimes due to the carefully worded laws that do not even require there to be any ability to carry out the actions.

## Bad Cops turn good citizens into Terrorists.

Picture of Brenda not yet available

The face of EVIL, hater of men?

When Law Enforcement Agencies like the USPIS and Police like Lt. Brenda Herbert hide or alter evidence to supposedly get the “bad guys” they will unavoidably also destroy the lives of a few good citizens. Add to that our local court’s willingness to cover-up police wrong doing as long as it was done “with good intentions”. The once “good citizen” is left with no way to get a peaceful redress of grievances. When this occurs repeatedly that “Government Gone Bad” loses its legitimacy and gives moral justification for its overthrow by force. This is what was happening to cause the Oklahoma bombing where hundreds of innocent people were killed as “collateral damage” in an effort to send a message to the FBI and BATF for violating people’s rights.

**Is a Bad Cop like Lt. Brenda Herbert putting your freedom in danger? Absolutely!**

If you have any contact with Lt. Herbert or the San Jose Police Department please urge them to come clean and to admit to the hiding and alteration of evidence that has occurred in the past.

## Bad Cops like Lt. Brenda Herbert, destroy good of USA.

What makes the United States so unique and wonderful is that our government is supposed to enforce the Bill of Rights, to respect the unalienable rights of each individual, and to guarantee each of us a fair and impartial trial when we are charged with a crime.

When laws allow the arrest of people simply for expressing “Gee it would be nice” fantasy scenarios, when police are free to alter evidence, when the “Ends justify the Means” it makes a mockery of our country’s foundation and signals the beginning of the end of our democracy.

**What can each of us do?** One thing we can do is to make our position clear to them, to Lt. Brenda Herbert, to the San Jose Police, to the USPIS, and to our Government in general, that we demand that they stop the lies, and that they come forth with the truth about the past. If they refuse we must force them out of the family, out of the neighborhood, and out of power.

# San Jose Bad Cops commit Organized Criminal Activity

After Officer Herbert took part in the altering of tape evidence, she was rewarded and/or protected by being assigned to Internal Affairs. She has since been promoted to Lieutenant apparently due to her willingness to sell her soul for a “good cause” when asked to do so. Santa Clara County Courts have protected her, first by not allowing altered tapes to be analyzed for proof of editing, and again in recent years by preventing this issue from coming to trial. Police Chief Lansdowne continues to cover up this criminal activity committed under Chief McNamara even while he talks with civic groups about how squeaky clean the SJPD is now (yeah, right). Please call the Police Chief at (408) 277-4212 to insist that the San Jose Police face up to the Sins of their past and that they bring Lt. Brenda Herbert to justice.

**Then accept their refusal to do so as proof that they are all part of the cover-up.**

Provided voice-overs to make edits to tape evidence fit in better. (Okay, she probably was just following orders).

## San Jose Police used editing of tape evidence to get convictions

Apparently following the direction of the US Postal Inspection Service, San Jose Police used active entrapment along with tricks such as the misuse of “Confidential Informant” laws, the hiding of evidence, and the editing of tape recorded evidence to convince the defendant that he would not get a fair trial and that his only real option was to accept a plea bargain. The police would then hide their crimes behind the finality of that plea bargain. The tape edits performed by police were major, with much of the undercover officer's talk removed to make her out to be just a passive listener; an entire 30 minute phone call is officially eliminated and used to provide filler to keep those edited tapes their original length.
